The Strathcona Business Improvement Association (BIA) proudly presents its 2nd annual sustainability expo for small businesses. Learn how collaboration can create new opportunities and build community to help you go green and profit from local Strathcona businesses.

Sustainability 2.0 features a captivating and inspirational keynote from special guest, Majora Carter, Founder of Sustainable South Bronx. Majora is a visionary voice in city planning who views urban renewal through an environment lens. Find out how this South Bronx native draws a direct connection between ecological, economic and social degradation. With her inspired ideas & her motto "Green the Ghetto", she pushes both for eco-friendly practises, job training and green related economic development for her vibrant neighborhood in the South Bronx, N.Y.
